you can bring Candies
to the hall to hand out!

SIK-E-DAKH

A HEALTHY SAFE POSITIVE COMMUNITY THAT
IS SELF SUFFICIENT NOW & FOR THE FUTURE
GENERATIONS

Hello Sik-E-Dakh! My name is Cameron Gogag. I have started working for the community on October 10 as the new Finance Manger for the Sik-E-Dakh Band Office.

My father is Bill Gogag and mother is Rachel Janze. I have moved back to the Hazelton area where I grew up with my partner Stefanie who is from Regina, Saskatchewan. We look forward to living here and will enjoy having nature as our backyard.

I have a Bachelor's of Business Administration from the University of Regina with a specialty in Finance and a Diploma of Financial Services from Saskatchewan Polytechnic. I have experience working for the Royal Bank of Canada for four years while also doing my schooling (three years as a Client Advisor and one year as a Banking Advisor). I have also spent two years as a teacher in China teaching English as a second language. My hope is that I can use my skills and experience to help serve the community of Sik-E-Dakh to the best of my abilities.

Sincerely,

Cameron Gogag

**The truth is that
teamwork is at the heart
of great achievement.**

John C. Maxwell

SIK-E-DAKH

(Glen Vowell)

CALL TO BOOK AN APPOINTMENT WITH RICHARD JOSEPH, SIK-E-DAKH ENERGY ADVISOR (250)842-5241. THANK YOU.

Tired of high heating bills?

- Have a home energy audit completed by certified energy advisor (Free! – Provincial pilot project)
- By documenting how energy efficient your home is, you may be able to access federal and provincial grants for energy upgrades
- The entire process at your home can take from 1.5 to 2.5 hours
- A report will be generated that the energy advisor will go over with you in detail.
- Depending on your home situation, you could be eligible for window-door / insulation and heat pump upgrades

Email for more information: energyadvisor@glenvowell.ca

Sik E Dakh Community Energy Plan - September 2023 Community Input needed: home energy retrofit survey

The information gathered from this survey is anonymous and will be used to develop a community energy plan in the coming months. The purpose of the plan is to make homes more energy efficient and ; as a result, reduce the cost of heating and cooling them.

PARTICIPANT PRIZE DRAW!!! 2 - \$100 gift cards

1). My energy bills are affordable

- strongly agree
- agree
- no position
- disagree
- strongly disagree

2). Making our homes more energy efficient should be a priority for our community

- strongly agree
- agree
- no position
- disagree
- strongly disagree

3). Where do you think energy efficiency measures should be focused?

- air source heat pump installs for heating / cooling
- replace broken /damaged windows and exterior doors
- make homes more air tight
- add more insulation to attics

4). We should develop renewable energy projects in our community

- strongly agree
- agree
- no position
- disagree
- strongly disagree

5). Which renewable energy program should the band focus on?

- residential solar panel system
- "run of the river" micro power project
- wind turbine power generation
- no opinion
